

Effective April 1, 2018, the system-wide unaccounted for gas percentage (also known as the fuel retention rate) for Dominion En customers will decrease from 4.2% to 4.1%. The revised rate will remain in effect until March 31, 2019.

All East Ohio and West Ohio Division transportation service rate schedules are affected by the change, specifically Daily Trans Transportation Service, Transportation Service for Schools, Energy Choice Transportation Service and Large Volume Energy Choice All pool operators serving customers on those rate schedules, including those operating Standard Service Offer and Standard Cho by this change.

Please contact the Transportation Services department at EOG_TRANS_SERV@dominionenergy.com with any questions.
